Massachusetts House of Representatives

Dear Honorable Chairpersons and Massachusetts House Speaker DeLeo:

We are state and national adoptee rights organizations as well as individuals and allies who are either adoptees themselves or impacted by adoption in a direct way. A bill that will restore a right once provided to all adult adopted people in this country is now pending in your committee or chamber. **Indeed, within a span of 24 hours this week, committees in three different states will hear such bills: Arizona (HB2600), Connecticut (SB113), and Maryland (HB1039).**

It is no coincidence that these bills are making their way through state legislatures across the country, from Maryland, Massachusetts, and Connecticut in the East, Mississippi in the South, Minnesota in the Midwest, and Arizona in the West/Southwest. It is past time for this legislation. It is past time to restore a right **every person** in the United States once had: to request and obtain, as adults, a copy of their own original birth certificate, free from government restrictions and alterations, and free from the stigma and humiliation of enforced permanent secrecy.

These bills are truly bipartisan and have overwhelming support from colleagues and constituents. Primary sponsors of these bills are Republicans, Democrats, liberals,

Adoptees United is a Minnesota-based national nonprofit organization with an unwavering commitment to equality for all adopted people.

conservatives, centrists, and libertarians. Yet they have one thing in common: they “get” what it means to have your identity treated like a state secret. They get what it means to be shamed as an adult when others maintain control over your own personal vital record. They get that these bills will positively impact hundreds of thousands of constituents, whether they are adoptees, adoptive parents, birthparents, descendants, or any of the 150 million people impacted by adoption.

Many of the organizations and individuals listed below are already active in your state and working on these bills, and many are separately providing written support or testimony in your upcoming committee hearings. Please listen to these individuals and organizations.

We ask for your strong support for these bills. We ask that you and your colleagues vote to move these bills favorably toward enactment and to do what we have consistently asked of every legislator across the country: #GetItRight and #MakeItEqual. Adopted people deserve no less.

Best regards,
